Mr. Cum Posey,
324 - 13th Ave.,
Homestead, Pa.

Dear Posey:

First of all I am working hard on our June 22nd game. If we can beat The Stars this week-end, it will be a real big affair. I am trying to get Joe Louis to come over. If you know any of his gang well enough, see if you can get him to come. He would be a big attraction here in Newark.

I hevent heard anything from any of the Elks yet about the 26th game, but I have it on the posters, and will do the best I can. The Elks are not so hot here in Newark. I think if it amounts to much, you will have to get the New York Elks to work on it.

Now I have been planning The Eagles schedule for the next half, and I want you to take us to Cleveland or some place west for August 17th. There is not a park available in the East. You are in Washington the 10th and the 24th. If you will take me west on the 17th, I will stay out there for the 24th. That is the only chance I have to go west. I want to come to Washington July 20th, that is the only Sunday we can come there all summer. I also want you here the last Sunday in August, the 31st and let us come to Washington Labor Day, Sept. 1st.

Please let me know right away about August 17th, so I will know what to do about the 24th. We will make it the Elks game, if you want to.

Very truly yours,
